

Dear prospective Student,

We would like to welcome you in Amsterdam International University (AIU). We are located in a premium place of Amsterdam in Netherlands. AIU is a private non-government International Renaissance University of Sciences (IRUS) that offers higher education via distance learning. There are very few classes that held on campus but depend on the educational program, while most of them are offered fully online or via e-learning.

AIU has been established in order to offer educational opportunities in subjects that are not widely available such as Holistic/Integrative Medicine, Naturopathy, Herbal Medicine, Homeopathy, Osteopathy, Holistic Nutrition and other relative programs. In addition, AIU offers education via online attendance in subjects that are widely available but usually needs physical attendance to be completed such as Integrative Counseling, Psychotherapy, Health Psychology and CBT.

AIU has formed an educational innovation in the way of teaching using the latest updated methods and tools combined with experience, executive solutions for student needs and opportunities to receive a degree from wherever you are! Moreover, AIU offers educational programs in Psychology, Health Care, Humanities, Social Sciences, Teacher Training, Natural Sciences, Business Administration (MBA) & Economics that can be lead in an accredited degree after graduation with a procedure that AIU staff will inform you if you are interested about.

We are happy to help you choose the educational program that best suits your needs. So please, do not hesitate to contact us for more information and learn about scholarship opportunities!

Sincerely,

Statutory Director

Dr Angeliki Koskeridou

MSc, BSc (Hons), Prof.

Certificate/Diploma

The certificate/diploma in AIU usually needs 1 year to be completed but depends on the specialty of study. There are options of 2 or 3 years of studying to receive an AIU diploma.

Associate Degrees

There is one type of Associate Degree in AIU which need 2 years to be completed. Associate Degree can be alternatively called Higher National Diploma. There is an option to receive Associate Degree in 3 years in case of part-time study.

Bachelor Degrees

There are 3 types of Bachelor degrees in AIU that students of bachelor programs can be awarded, and this depends on their area of study; Bachelor of Arts (BA), Bachelor of Science (BSc) & BSc (Hons). The duration of a regular Bachelor Degrees (BA) or (BSc) is 3 years (full-time) or 4 years (part-time). There is also an option of Bachelor of Science/Arts (Honors) Degree which needs 4 years of study (full-time) or 6 years of study (part-time).

Master Degrees

AIU offers two types of Master's degrees: a Master of Science and a Master of Arts. A Master of Science degree (MSc) is a degree awarded at universities around the world for completion of graduate-level study. Master of Arts (MA) degrees are graduate-level achievements conferred by universities around the world. A Master Degree in AIU usually needs 1 year to be completed by full-time study. There is an option of 2 years study for part-time students.

PhD/Doctorate

A PhD, or Doctor of Philosophy, is a postgraduate degree conferred by universities. It is the top academic degree available in a field. The completion of a PhD can result in significantly improved career prospects. PhD degrees are based in science and research. Doctorates are based in professional education and include practicum. The duration of a PhD/Doctorate program are usually between 3-6 years, depends on the way of study (full-time or part-time).

Admission Requirements

Students come to AIU from around the world, blending a diverse range of academic backgrounds, experiences, interests, talents and cultural heritage.

Admission to our University is granted under different categories, depending on the student's qualifications and educational objectives.

Our general admissions policy relies on the student's previous academic performance, including their high school grades. The Medical School has separate admissions policies and procedures outlined on the Medical School (upon request).
